Cycle Safe in Caledon

Bicycles are vehicles under the Highway Traffic Act:

When cycling with others, ride in a single-file line along the side of the road, leaving space between each bike for faster moving vehicles to pass. Come to a complete stop at every stop sign and red light, observe street directions and use hand signals! Exercise patience and caution!

To find out more information on bicycle safety, road safety, equipment, signage and maintenance go to, www.walkandrollpeel.ca
